SANTA ANA, CALIFORNIA, WEDNESDAY EVENING, SEPTEMBER 13, 1911.

50 CENTS PER MONTH

MC NAMARAS WILL GO FREE

Such Is the Confident Predic-
tion of President Samuel
Gompers

NEITHER INVOLVED IN "TIMES" CASE

Reiterates His Severe Criti-
cism of Detective Wil-
liam J. Burns

LOS ANGELES, Sept. 13.—Predic-
tion that the McNamara brothers,
charged with murder in connection
with the destruction of the Times
building, will be acquitted was made
today by Samuel Gompers, president
of the American Federation of Labor.
Gompers' statement followed two
days of study of the case, during
which time he went over every phase
of it with the defense's attorneys and
the accused men.

"Neither John J. nor James B. Mc-
Namara was involved in the destruc-
tion of the Times building," he said.
"After seeing and talking to the pris-
oners, I am all the more fortified in
my conviction of their innocence."

Asked whether he thought the Mc-
Namaras would be given a fair trial
in Los Angeles, the labor leader said:
"I have no information to lead me
to believe otherwise. It is more dif-
ficult to expose trickery and deceit
than it is to indulge in it, more dif-
ficult to down false statements than it
is to make them."

Referring to Detective Burns, Gompers
said:

"My consultation with the McNa-
maras has not changed my opinion of
William J. Burns. I have had a splen-
did chance since coming to Los An-
geles of observing Burns' past con-
duct, and have noted the prejudice he
has tried to arouse against the Mc-
Namaras in the minds of the public
by his free statements and magazine
articles."

DR. MANCHU OF MC DAVIT CASE UNDER ARREST

SAN BERNARDINO, Sept. 13.—Dr.
J. S. Manchú, who figured in the Mc-
Davitt case, as the physician attending
Miss Jessie McDonald, while the den-
tist held her an alleged captive for
fifteen months in a room adjoining
McDavitt's office, is charged with sell-
ing opium prescriptions and was ar-
rested today.

RIGHT BEFORE GOD AND MAN

Shakers Defend Their Action
in Putting Sister to
Death

KISSIMEE, Fla., Sept. 13.—Sister
Sears and Brother Gillette of the
Shaker colony were arraigned here to-
day before Judge G. F. Parker on a
charge of murdering Sister Sadie Mer-
chant to relieve her of tuberculosis
suffering. Gillette was released on
\$5000 bail and Miss Sears on \$2000.
The Shakers greeted the couple af-
fectionately, after providing bail for
them. Gillette said:

"Before God and man we did right.
Sister Sadie always longed to die
peacefully and without pain. On Au-
gust 20th the climax came. One lung
destroyed, hemorrhages began, and we
knew she could not live. That night
in agony she begged us again to kill
her, saying, 'I'm at peace with God
and with all on earth and am ready
to go.' Tuesday noon she grew worse.
I went to St. Cloud and got two ounces
of chloroform. We administered it
on a cloth and she slept peacefully. I
gave her more and she passed out
quietly."

—We have just received a second
shipment of those excellent collapsi-
ble go-carts. The comfort, conveni-
ence and durability of our line of go-
carts commend them to all who see
them. Horton-Spurgeon Furniture

MARTIN FLIES OVER POMONA; CROWD CHEERS

POMONA, Sept. 13.—(Special to
the Register)—Wild with enthusi-
asm this morning throngs greeted
the performances of Glenn L. Mar-
tin, the Santa Ana aviator, who
was engaged to fly here today and
tomorrow during the Pomona cer-
nival.

Martin made two beautiful flights.
In the first flight he was in the air
twenty minutes and ascended 700
feet. He made a number of fine
circles, showing absolute control of
his biplane.

In his second flight the daring
aviator circled over the city. He
was up for fifteen minutes, and
when he descended he was greeted
with cheers by the enthusiastic
crowd.

Fair a Great Success
POMONA, Cal., Sept. 13.—Glenn
Martin, the Santa Ana aviator, today
made two successful flights at the
valley fair. Twenty thousand vis-
itors are attending, and the exhibits
are the best in the valley's history.

Bulletins of News

Hot from the wire up to 3:30 p. m.

THE WEATHER

Fair tonight and Thursday;
light northwest wind.

Oversleeping Costs Showman His Life

STOCKTON, Calif., Sept. 13.—An
oversleep cost a musician employed by
the Ringling circus his life this morn-
ing. He was late for the parade and
while attempting to board a moving
band wagon on Weber avenue, he slip-
ped and fell. Thousands of people saw
the man's life crushed out beneath
the wheels of the heavy vehicle.

San Joaquin Produce Fair On

STOCKTON, Sept. 13.—Today is
Linden Day at the San Joaquin pro-
duce fair. Hundreds of visitors from
the fertile east side section, which
grows all kinds of products without
irrigation, are in town today. A pret-
ty bungalow constructed of grapes,
grain and fruits, is the center of at-
traction.

The produce fair opened last night.
A stock show and mining exhibit tent
are additional features. The exhibi-
tion is being held beneath a sea of
canvas on the plaza and principal
business streets.

MEN'S EQUAL SUFFRAGE LEAGUE OPENS CAMPAIGN

List of Fifty Vice Presidents Show Re-
markable Strength of Movement
In Orange County

The opening gun in the local campaign will be fired at Spurgeon's
Hall Friday night, when State Senator Lee C. Gates of Los Angeles will be
the principal speaker. There will be other good speeches.
The meeting will be held under the auspices of The Men's Equal Suffrage
Campaign League of Orange County.

The pledge of this League is as follows:

THE VOTERS' PLEDGE
The undersigned, voters of California, conscious of the great moral
uplift involved in the enfranchisement of the women of the state, and
recognizing their heroic and devoted efforts in that behalf, gladly
pledge our co-operation and hereby constitute ourselves, and those who
may join with us, an association to be known as Men's Equal Suffrage
Campaign League, pledging ourselves each to the other to do what we
properly and reasonably can toward increasing the majority for the
pending suffrage amendment to the constitution of this state.

These are the officers of "The Men's Equal Suffrage Campaign League"
of Orange county:

President E. E. KEECH
Secretary E. M. NEALLEY
Treasurer W. B. TEDFORD

The following fifty representative citizens of Santa Ana have consent-
ed to act as vice presidents of the League:

Judge Z. B. West
Supt. J. A. Cranston
H. McPhee
Victor Montgomery
J. P. Baumgartner
W. H. Thomas
Lou P. Hickox
Dr. C. D. Ball
R. Y. Williams

OPEN PARENTAL NOVICE AVIATOR SCHOOL THIS FALL IN AIR OVER AN HOUR

Board of Education Estab-
lishes Institution for Un-
ruly Children
De Kor, a Pupil of Martin,
Spreads Wings and Flies to
Anaheim and Back

CRANSTON WANTS POLYTECHNIC HIGH

Summer School a Success—
Teachers Assigned for
Coming Year

Board of Education establishes
Parental School at Detention
Home.

Board abolishes system that al-
lowed high school pupils to leave
building during study periods.
Tuition for pupils of high school
from outside districts is fixed at
\$27 per year.

City Superintendent of Schools
Cranston recommends that board
take action to establish polytech-
nic high school. His report shows
summer school to have been a
success.

Judging by the actions taken, last
night's meeting of the Santa Ana
Board of Education was the most im-
portant ever held by the present
board. The report of City Superin-
tendent of Schools J. A. Cranston had
the important recommendation that
the school board do something in the
way of establishing the teaching
industries, and that the members of
the school board favor the establish-
ing of a polytechnic high school.
Generally understood.

The school board established a
Parental School, the first in the his-
tory of Santa Ana. This school will
be conducted in the schoolroom of the
Detention Home. It will be attended
by ten children now in the Detention
Home and by others who may be sent
there by the Juvenile Court. It will
also be attended by those pupils of
the various city grammar schools who
are adjudged by the school authori-
ties as needing the strict discipline of
the school.

(Concluded on page eight.)

With but three weeks instruction in
the art of flying, Fred De Kor, one of
Glenn L. Martin's pupils, yesterday
afternoon flew for an hour and two
minutes, rising to an altitude of an
estimated 2000 feet.

TOOK FIRST LESSON THREE WEEKS AGO

Rose to an Altitude of 2000
Feet—His Performance
Was Wonderful

He started on the Irvine mesa, flew
over Santa Ana to Anaheim and be-
yond Anaheim. He made his turn
north of the Anaheim sugar factory
and returned to Santa Ana. He made
a bee line for the mesa four miles to
the south. Watching the clock at-
tached to his machine, De Kor saw
that he lacked several minutes of be-
ing up an hour, and he concluded to
stay in the air until the hour was up.
He headed for the hills, circled over
the waters of Upper Newport Bay, and
returned to a safe landing on the mesa,
his clock showing that he had been in
the air over an hour.

De Kor is a 35-year-old man. He was
at San Diego when Martin did his fly-
ing there at the ground-breaking
celebration. The Seattle man was
seized with the ambition to fly, and
within a week he had bought the bi-
plane in which Martin did his flying
at San Diego. Martin signed a con-
tract to teach De Kor to fly, and after
an absence of two weeks De Kor re-
turned from San Francisco, where he
had gone by automobile, and began
his lessons. De Kor was careful
persistent. He progressed rapidly.
From running the machine along the
ground he went to taking hops. Hops
grew to straightaways, and straight-
aways were soon shaped into curves,
and curves into turns.

As yet De Kor has had no experi-
ence with wind, and for that reason
his work has been done largely in the
early morning or late evening.

He made several flights of fifteen
minutes duration, and once was up for
nineteen minutes.
Yesterday he announced that he
would fly over Santa Ana, if weather
conditions were right, and would go
on to Anaheim. About 5:40 o'clock
the clatter of the Hall-Scott sixty-
horse power motor told the people of
the city that a flying machine was
near at hand, and the people went out
to see.

The flight to the north took the dar-
ing aviator pupil on a course over
West Orange to Anaheim, and the re-
turn was made along much the same
course. Nearing Anaheim he was out
of sight from Santa Ana, and many
thought that the man's destination
was beyond the Puente hills. In a few
minutes, however, the biplane was
seen on its return, and without a miss
of the motor De Kor sailed on to the
mesa to the south. De Kor says he
was up over 2000 feet.

The success of the flight speaks
much for the aptness of the pupil and
the cleverness of the teacher.

At Pacific Grove on September 15,
Governor Hiram W. Johnson will
make the first speech of his campaign
of the state in favor of the constitu-
tional amendments providing for the
initiative and referendum and the
recall, to be voted upon at the special
election on October 10. From that
time on the chief executive will de-
vote his attention to carrying the
message of continued political inde-
pendence to the people.

Owing to the demands from all
sections of the state for addresses by
Governor Johnson it has been impos-
sible up to the present time to com-
plete the itinerary. The first four
meetings have been decided upon,
however, and the subsequent engage-
ments will be so arranged as to give
the greatest possible portion of the
state's population an opportunity to
hear the chief executive discuss the
measures which have sacrificed the
corrupt political elements.

The Governor will speak first at
Pacific Grove on September 15. He
will go from there to San Luis Obis-
po where he will deliver an address
on September 18. On September 19
the Governor will be in Santa Bar-
bara; on September 20 in Ventura,
and from there he will come into the
south, speaking in this city on the
21st, San Diego 22d, Long Beach 23d,
Riverside 25th, San Bernardino 26th,
Los Angeles 27th.

After this one week in the south
Governor Johnson will be forced to
return north to keep many engage-
ments.

Owing to the shortness of time it
will be impossible for the Governor
to visit all parts of the state, but in
those places where he is unable to
appear able speakers will represent
him.

GOVERNOR JOHNSON WILL BE IN SANTA ANA THURSDAY, SEPTEMBER 21, TO SPEAK

"It is our purpose to perpetuate the control of the people over the gov-
ernment of this state after we are dead and gone. It is with that purpose
in mind that we intend to go directly to the people in this campaign for
the constitutional amendments providing for the initiative and referendum
and the recall."—Governor Hiram W. Johnson.

DRUNK BRUTE MISTREATS TEACHER

Holds Her in Durance Vile
Throughout the Long
Night

LYNCHING WILL PROBABLY ENSUE

Hears the Call of Her Sweet-
heart But Dares Not An-
swer Signal

SNOWFLAKE, Manitoba, Sept. 12.
—Dragged from her little school
among the trees in Pembina valley,
brutally assaulted, and then com-
pelled to spend thirty hours in the bush
with the ruffian who guarded her
with a loaded rifle, Miss Gladys Price,
a Riverdale school teacher, bruised
and battered, today is in the friendly
shelter of a neighboring farmhouse.
About 300 men have her assailant sur-
rounded in the bush near here and
his lynching is hourly expected.

Though suffering intensely from the
shock, Miss Price was able, some
time after her return, to give a clear-
cut account of all that happened since
her single pupil left her after the
morning school session. She was
seated in the school room, when a
man said to be Henry Wilson of Han-
nah, N. J., suddenly appeared in the
doorway and pointed a rifle at her.

The little teacher refusing his brutal
demands, Wilson threatened to shoot,
whereat she told him to shoot. A
struggle then ensued, and Wilson hit
the plucky girl over the head with a
bottle, and then carried her off into
the bush. Here Wilson lighted a fire,
and the terrified girl spent the
night, with the wakeful Wilson watch-
ing her every move and the "stening
to shoot in the first of the night," from
her. She heard the wailing of her
sweetheart, Frank Patterson, who
was seeking her, but was unable to re-
spond.

Wilson drank heavily throughout
the night. Incessantly the girl plead-
ed with her captor to allow her to re-
turn, but he turned a deaf ear to all
her pleadings. All night long she
moved around to keep warm, watch-
ing for a chance to make her escape,
but the menacing rifle left no loop-
hole. Finally he allowed her to re-
turn home.

Wilson is about 40 years of age and
is said, with the assistance of two ac-
complices who were shot in the affray,
to have held up a train south of the
American border.

After this one week in the south
Governor Johnson will be forced to
return north to keep many engage-
ments.

Owing to the shortness of time it
will be impossible for the Governor
to visit all parts of the state, but in
those places where he is unable to

plete the itinerary. The first four
meetings have been decided upon,
however, and the subsequent engage-
ments will be so arranged

FELONY CASE AGAINST HIM

Los Angeles Attorney Who Appeared Here Often Faces Serious Charge

Henry L. Nisbet, a Los Angeles attorney who has appeared in a number of blind pig cases here, was arrested in Los Angeles yesterday on a charge of passing a worthless check. Nisbet appeared as attorney in some of the Yung trials during the prosecutions by former District Attorney Davis. He represented Mrs. Franke in a city case and recently appeared in the defense of Mrs. Kate Measor in Justice Cox's court.

About three years ago while Nisbet was representing a client here he got the client to cash a check for him. The client was about to start criminal prosecution against Nisbet when the matter was straightened out.

Concerning Nisbet's arrest in Los Angeles, the Times this morning says: "Henry L. Nisbet, a local lawyer, and former Assistant District Attorney of San Bernardino county, was arrested yesterday afternoon on a warrant sworn out by Mrs. Ona Luedken, the owner of a grocery store at Thirtieth and Main streets, who alleged that Nisbet had given her a worthless check."

"The lawyer was captured by Patrolman Oaker and Cline of the University station as he was leaving his home, No. 3719 Hope street, apparently with the intention of leaving the city. He was taken to Judge William's court and arraigned on a felony charge."

After listening to the evidence and learning that Nisbet once before had passed a bad check on Mrs. Luedken, the court held the prisoner in \$1000 bail for trial. As the lawyer was unable to obtain that amount of ready cash he was locked up."

STRIKE DECISION AGAIN DEFERRED

LOS ANGELES, Sept. 13.—J. W. Kline, president of the blacksmiths' craft, left Los Angeles for Omaha today, with the strike situation still unsettled.

Kline said that members of the system's federations would hold meetings at Omaha and Houston Saturday and definite action regarding the impending strike probably will be sent out from Chicago early next week.

NOW ARGUING WATER CASE

Important Suit Is Nearing End in Los Angeles County Superior Court

Arguments in the water rights case, the trial of which began in May, were taken up before Judge Conrey in the Los Angeles superior court yesterday. The title of the case is the Santa Ana Valley Irrigation Co. and the Anaheim Union Water Co. against J. Long and others, alleged by the plaintiffs to be non-riparian owners. The suit was brought by the Orange county water companies to protect their rights in the waters of the Santa Ana river, to stop non-riparian owners from digging wells and diverting the underground flow to lands that legally should not be irrigated by the surface or sub-surface waters of the Santa Ana river.

The trial was long drawn out, and the arguments are likely to take seven or eight days.

The case was begun in this county and was moved to Los Angeles county by order of Judge West, who declined to move the case to Riverside county, to which county many of the numerous defendants wanted it moved.

Attorneys E. E. Keach of Santa Ana, Richard Melrose of Anaheim and Hutton and Pope of Los Angeles appear for the water companies.

However the case is decided by the Los Angeles superior judge there is no question but what an appeal will be taken.

CASCARETS INSURE INSIDE CLEANLINESS

The Millions of Cascaret Users Never Have Headaches, Constipation, Biliousness or Sick Stomach

It is more necessary that you keep your bowels, liver and stomach clean, pure and fresh than it is to keep the sewers and drainage of a large city free from obstruction.

Are you keeping clean inside with Cascarets—or merely forcing a passage every few days with salts, cathartic pills or castor oil? This is important.

Cascarets immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gasses; take the excess bile from the liver and carry out of the system the decomposed waste matter and poison in the intestines and bowels.

No odds how badly and upset you feel, a Cascaret tonight will straighten you out by morning. They work while you sleep. A 10-cent box from your druggist will keep your entire family feeling good for months. Don't forget the children—their little insides need a good, gentle cleansing, too.

Boys' Suits For School Wear

Strong enough to stand the hard service of every day wear—dressy enough for any occasion.

We have suits for boys of all ages.

Widow Jones Suits for boys start at \$3.00 and go upward by easy stages to \$9.00.

Extra buttons, patch cloth, etc., go with each suit.

HILL, CARDEN & CO.

AT THE COURT HOUSE

DROPPED SUIT FOR DIVORCE

Dismissal Entered in Action of Minnie Taylor Against C. D. Taylor

This morning Attorneys Williams & Rutan instructed the county clerk to dismiss the suit for divorce brought by Mrs. Minnie N. Taylor against Charles D. Taylor. This dismissal does not mean any settlement out of court or any let-up in the fight of Mrs. Taylor for an allowance from her millionaire husband. It merely means that the divorce issue is already up in the Oregon case in which Taylor quietly got a divorce decree. Which decree was set aside on the affidavits of Mrs. Taylor and others that she was never served with papers in the case.

Quiet Title
Suit to quiet title to property at Orangefield was begun in the superior court today by Priscilla Watson and Samuel S. McKinney against Edward J. Cotino. Williams & Rutan are attorneys for the plaintiff.

Again Changed
For the second time efforts are being made to get a change of venue in the divorce suit of Anna E. Holman against Guy W. Holman, who lives at Anaheim. Mrs. Holman brought suit in Fresno, and Holman got a change of venue to Orange county. Now the litigants have stipulated to change to Los Angeles county, and an order of court to that effect is sought.

Increase Capital
At the county clerk's office today there was filed a certificate showing that the Anaheim Sanitarium has increased its capital stock from \$25,000 to \$50,000.

Records Homestead
Yesterday there was recorded a declaration of homestead by D. Bolyard on lots 19 and 20, block A of P. J. Shaffer's addition to Orange; value, \$3000.

Marriage Licenses
September 12—John H. Garrett, 18, of Los Angeles, and Martha K. Mullen, 19, of Montebello; William Wyche, 42, and Elizabeth L. Hansen, 29, both of Los Angeles; Burley Keiser, 18, and Laura M. Davis, 19, both of Orange; James T. Hart, 24, and Carita Rivera De Leon, 24, both of Los Angeles.

—The Santa Fe Railway will sell excursion tickets, Santa Ana to Hemet and return, Sept. 14, 15 and 16, with final return limit Sept. 18, 1911, at \$3.40 for the round trip. Account Hemet Driving Club Meet, to be held Sept. 15 and 16. P. T. Smith, agent. Phones, 11.

Drs. Rossiter & Paul, Dentists, corner Fourth and Main Sts.

—Early Fall Millinery now on display at Gilberts.

IN THE JUSTICE'S COURT

INDULGED IN MANY FIGHTS

Boys at It Off and On for Five Years—Go to the Juvenile Court

Peter Krauchi and Cecil Bunker, two 15-year-old boys who were arrested Friday night for fighting, were in Justice Cox's court this morning, and when the justice learned that the boys are under 18 years of age he certified them to the juvenile court. That means that Judge West will hear the matter after he returns from his vacation about Oct. 1.

According to the statement of Mrs. Bunker in court this morning, the boys have had many fights. Their first fight was five years ago, two weeks after they got acquainted, and frequently since then they have fought. When young Bunker was asked what they fought about, he said he did not know, but the last fight started at Birch Park when Bunker, while playing, tripped Krauchi and kicked his shin hard enough to hurt.

"You don't say anything about hitting me side of the head," said Krauchi.

"Judge West may inquire into all of that," said the judge. "You boys must keep away from each other. If you can't get along without fighting, don't go near each other. I understand that one of you had a revolver in his pocket."

On the suggestion of Probation Officer Scott, the boys were taken to the police station, where Bunker was returned to Bunker, who promised to use it in matters of peace only.

The judge pointed out to the boys the dangers of following the paths of peace disturbance and the violation of law, and let them go on their own recognizance.

While not excusing the boys, Mrs. Krauchi very much regretted the publicity given the case. She seems to think that it made the boys appear as bad boys when they should be judged from the standpoint of "boys will be boys."

Case Settled

Justice Cox yesterday entered a dismissal in the civil action of L. E. Waddington against George Washington Smith for \$85.45, alleged to be due for labor performed on an agreement between the two that Smith should furnish cement and tools for cement concrete, and Waddington should do the work. The plaintiff also asked judgment for \$62.50 for time lost. Yesterday Attorneys Bell & Ferguson for the plaintiff asked for dismissal, stating that the matter had been settled out of court.

Old Bill Paid
Cleve Crowe was arrested and taken into Justice Cox's court yesterday on a charge of defrauding Frank Musselman and the Palace Restaurant out of a board bill contracted in September, 1910. Crowe declared that the bill was settled in July after the warrant was issued. When asked about it by Justice Cox, Musselman stated that the bill had been paid and Musselman had not informed the court of the fact. Crowe was discharged.

PICK ROUTE FOR A STATE HIGHWAY

FRESNO, Sept. 13.—That the state highway should be parallel with the Southern Pacific in this part of the San Joaquin valley was the sentiment of representatives from four counties, who met for discussion at the chamber of commerce this afternoon. The counties represented were Fresno, Madera, Merced and Stanislaus. It was agreed that King and Tulare counties should settle for themselves the question of what route would be chosen south of this county. A resolution was also passed providing that the commissioners appointed by the supervisors of each county should attend the sessions of the state highway commission to co-operate with it for the building of both coast and an interior highway. D. S. Snowgrass presided at today's session. J. F. Dickinson acted as secretary.

OREGON RAILROAD WAR AT AN END

PORTLAND, Ore., Sept. 13.—Railroad officials today declared that the signing of the 999 year contract for joint and equal use by the O. W. R. & N. and the Oregon Trunk Lines between Metolius and Bend, indicates the big war between the Hill and Harman systems for control of Central Oregon is ended. Under the terms of the agreement the O. W. R. & N. virtually becomes half owner of the Hill line between the two points. Each company agrees to pay half of the operating and maintenance expenses.

Why Santa Ana business men should do their business with the

California National Bank of Santa Ana

BECAUSE its shareholders have large holdings in the city and surrounding country and their interests are mutual.

BECAUSE the strength of this bank lies not alone in its capital and surplus, but in the character and financial responsibility of the men who conduct its affairs.

BECAUSE its business is governed with that conservatism, combined with enterprise and up to date methods, which make for soundness and satisfactory banking service.

PLAN CHAIN OF THEATERS

Owners of Mirror Theater Going into Picture Show Business on Large Scale

The Mirror Theater Company of Santa Ana, which filed articles of incorporation here last week, is preparing to establish a chain of moving picture shows along the Southern California coast and in adjacent states which will make it one of the most important and most powerful combinations on the Pacific slope.

The company, which owns the Mirror Theater on East Fourth street, has an authorized capital of \$25,000, of which \$5250 was fully paid up at the time of organization. The present stockholders are A. E. Bird and T. H. Fowler, who established the Mirror Theater, I. H. Bond of Santa Ana, H. C. Brown of Los Angeles and A. R. Muller of Santa Monica. The two latter are prosperous business men.

This week the company completed the lease of the Unique Theater at San Bernardino, and it is open to-morrow evening under the new management. Next week Messrs. Bird and Fowler will leave for Phoenix and Tucson, Ariz., with the purpose of securing houses in each of those cities should conditions appear favorable. The company has under consideration several towns in Southern California, and will probably secure several locations in the near future. It is the plan of the promoters to start with not less than half a dozen theaters, which can be operated in a circuit, and to add others as at any time an advantageous opportunity should offer.

Mr. Bird has been active in the promotion of the company, is now closing up his contracting and building interests here, and proposes to devote his entire time to the new enterprise. Mr. Bird said today that he had been wanting to take a rest for some time, and thought in his new venture he could secure relaxation and at the same time make expenses. The headquarters of the company will remain in Santa Ana.

NOTICE INVITING BIDS

In the Superior Court of the State of California in and for the County of Los Angeles.

In the matter of the estate of Jennie A. Reeve, deceased.

Under the authority of order of Court granted by the Superior Court of the County of Los Angeles, dated July 5th, 1911, we will sell at private sale, the following described property:

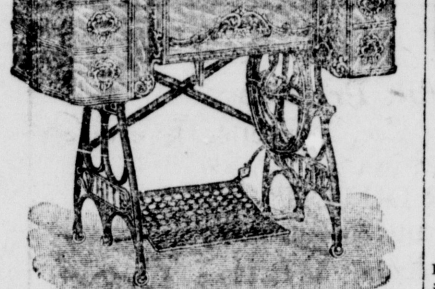

A 5-12th undivided interest in the Rancho Las Bolas, County of Orange, State of California, and described as the east 24.54 acres of the north 40 acres of the south 60 acres of the south-east quarter of section 11, township 6 south, range 11 west, S. R. E. & M. being all of said 40 acres lying east of California avenue, as shown on map of Vista Del Mar tract, section 2, recorded in Book 4, page 5 of Miscellaneous Maps, Records of Orange County, California, except a strip 80 feet wide as conveyed to H. E. Huntington, trustee, by deed recorded in Book 159, page 234 of Deeds, Records of Orange County, California. Reserving therefrom for roads, aqueducts, ditches, pipes, flumes or other conduits of water, a strip of land 20 feet wide along, adjoining and each side of the section and after section lines.

Said sale to be made on or after the day of September, 1911. Bids in writing will be received by the undersigned at the office of Hahn & Hahn, attorneys, suite 606 Chamber of Commerce building, Pasadena, California.

Terms of sale, ten per cent cash to be paid when sale is approved, and balance when the sale is confirmed by Court.

C. J. WALKER, MARY R. DARLING, Executors and Executrix of the Will of Jennie A. Reeve.

Dated, August 18th, 1911. HAHN & HAHN, Attorneys for Estate.

Talks On Tailoring

NUMBER ONE

Mr. Natty Dresser, there are some things about tailoring in this town that you ought to know.

The first is that Santa Ana has a Tailoring establishment that is FIRST CLASS IN EVERY RESPECT.

If we make a suit of clothes for you that is not right in every respect, — Right in Style, Right in Fit, Right in Finish, Right in Material, Right in Workmanship — you are under no moral or legal obligation to take it.

We absolutely guarantee our goods and work.

In the second place, our prices are from 25 per cent to 50 per cent lower than those of Los Angeles tailors. We can give you references among the best dressed, most exacting men in Santa Ana to prove that we have made them suits for \$25, \$30 and \$35 that gave them much greater satisfaction and were superior in every way than suits they had been paying from \$35 to \$50 for in Los Angeles.

And moreover, you are doing yourself and your neighbor and the whole town a favor by giving us your business — keeping the money at home.

We are after the man who likes to dress well — with individuality — at a moderate cost. One trial of our goods and work will convince you that the strong claims we make are fully justified.

Lutz & Co.

TAILORS

120 W. 4th. St., Santa Ana.

NEWS BUDGET OF NEWHOPE

NEWHOPE, Sept. 13.—Mr. Jacques received the sad news of the serious illness of a sister in Idaho, last week, and started immediately to see her.

The Melvins are making some much needed improvements on their ranch in the way of new barns, cow-stalls, and putting down a new well. A brother has decided to stay here, and will erect a cottage on the ranch, where the two brothers will engage in the dairy business.

Messrs. Lehnhardt and Etchison are busily engaged threshing beans.

Mrs. Bell has returned from a visit in Hanford.

Mrs. G. W. Etchison was very happily surprised last Wednesday evening when upon opening the door she found herself face to face with father and mother Etchison and Chapman, three brothers and their families from Santa Ana, who showered her with some beautiful presents, the self-invited guests also brought delicious refreshments with them, the occasion being Mrs. Etchison's birthday.

The school time which Mr. Mateer has promised the Newhope Sunday school is planned now for Tuesday night. A program has been prepared, and a nice time is anticipated. It will be held at the school house.

Mrs. Melvin received the sad news of the death of her uncle who was visiting at his old home in Iowa.

The school house has been thoroughly cleaned, painted, and varnished and all ready for the children.

Harold Melvin spent last week at Long Beach.

Mr. Collins' new house is nearly completed and will soon be occupied by the family.

Good Cause for Insanity
"They really fear she will become insane. You see, she found a diary he kept before he married her." "Oh, I see! And the awful revelations—" "Revelations?" No. It was in cipher, and she couldn't read a word of it."

HORSE KILLED IN RUNAWAY

Orange Trustee's Son First to Be Laid to Rest in Cemetery Platted By Official

Orange News: Dragging a heavy wagon loaded with flour and other produce, four big horses dashed down South Olive street yesterday afternoon, a thrilling and dangerous runaway. The run ended in disaster after two blocks or more of wild flight, with a fatal injury to one of the horses.

The outfit belongs to the Prince Feed and Fuel Company of Santa Ana, and was being driven by William Street. In front of the Orange livery stable he noticed the loss of a clip from his singletrees. Stopping his horses, he set the brake, tied the reins around it and went back to pick up the missing article. Immediately the horses started to run and were pursued by the driver a short distance until they gained headway and distanced him.

They ran swiftly down Olive street until the corner of Palmyra, one of the rear horses fell to the ground. He was dragged more than half a block before the rest were stopped by the wagon striking the curb. The fallen horse was bruised and bleeding, its left hind leg being snapped off at the middle joint.

As soon as possible Dr. Lord, a Santa Ana veterinarian, was summoned and examined the animal. He pronounced the injury beyond aid and the horse was shot. It was the finest of the four and valued at \$175.

A quantity of flour was strewn along the path of the runaway, but no damage of consequence was received. The cause of the runaway is unaccounted for.

First in Cemetery
Lawrence Dittmer will occupy the first grave to be made in the new cemetery of the German Lutheran church. Tomorrow afternoon a pioneer in the sorrowful settlement of the city of the dead, he will be placed in the consecrated ground of the new burial place just opened for the use of St. John's Lutheran church.

It is the pathetic decree of fate that the boy is to be the first consigned to the grounds but recently mapped and plotted by his own father. Mr. Dittmer, as secretary of the Lutheran Cemetery Association, being apt at drawing, planned and drew the arrangement of lots, little dreaming that his own darling would be the first to enter.

The funeral services will be held at the home on South Lemon street at 1:30 tomorrow afternoon, and at the German Lutheran church at 2 p. m. Services are to be both in English and German. The Rev. Jacob Kogler will officiate.

Looking After Avacados
Mr. Henry Klopfer, of Chico, propagator in the U. S. Department of Agriculture, was in Orange yesterday, looking after the avocado industry in this section. He visited the orchards of C. P. Taft, James Fullerton and others, expressing a very favorable opinion of the fruit grown around here.

Mr. Klopfer is connected with the propagating station at Chico, where he says they are somewhat handicapped in their operations by frost in certain seasons. For that reason he states there is great probability that such a station will be established somewhere in the southern end of the state, where such a drawback will be removed.

A small crowd of congenial friends gathered last evening at the home of Fred Stever on East Chapman avenue for a few hours' enjoyment of informal pleasure, which was meted out to them in generous portions. Mr. Stever proved himself a most efficient host.

A musical program filled part of the evening, with selections on the piano and vocal solos by various guests. There were also several splendid readings by Bernice Camfield, a Cammuck girl.

Later refreshments were served. Those present were: Misses Vera Johnson, Bernice Camfield, Anna Shepard and Viola Lentz; Messrs. Stanley Camfield, Dr. Tyrol, Harold Hall and Fred Stever.

The local branch of the postal savings bank opened for business yesterday. Although the office is not allowed to make a public statement of deposits, it is gathered that the patronage the first day was light.

A business meeting of the Modern Woodmen was held last evening at the I. O. O. F. hall. Two candidates for membership were admitted and important arrangements were completed concerning the Orange County M. W. A. picnic, which will be held in Orange September 21. Several visitors from Garden Grove and Santa Ana lodges attended the meeting.

BRONCHITIS CONQUERED

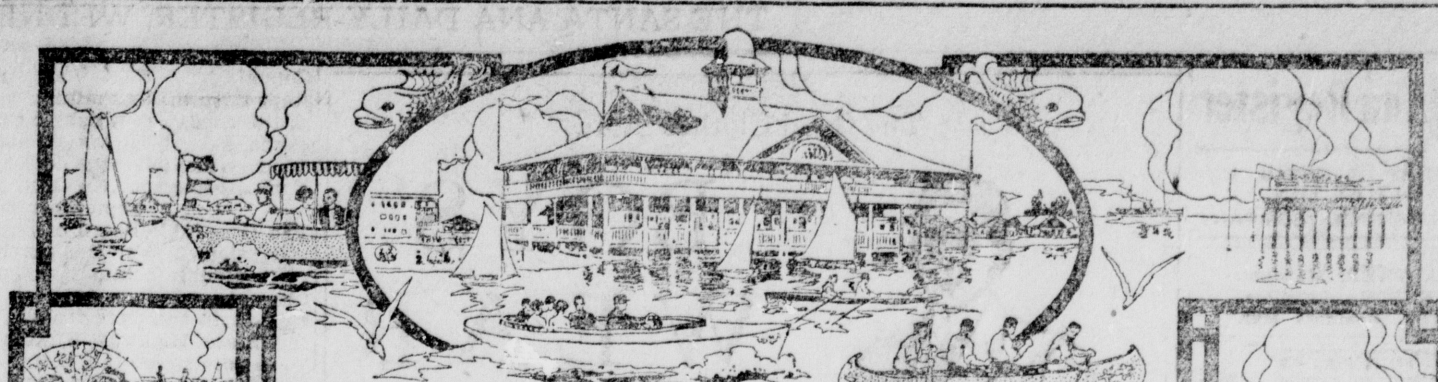

Seventy Years Old and Praises Wonderful Hyomei

"I had a severe attack of La Grippe. It left me with bronchitis and catarrh of my throat. I became quite deaf in one ear so I could not hear a watch tick. I commenced using your HYOMEI and Inhaler and soon got relief, and believe that it saved my life. I have recommended it to many. I am over seventy years old. I have told several prominent doctors what it did for me."—Wm. F. Mowder, Washington, N. J., R. F. D. March 16, 1911.

For catarrh, asthma, bronchitis, coughs, colds and catarrhal deafness HYOMEI is guaranteed by the Rowley Drug Co. Complete outfit including inhaler and bottle HYOMEI \$1.00, separate bottles HYOMEI if afterwards needed, 50 cents.

Beautiful Balboa Beach

There is no more charming spot on the Pacific Coast than Balboa Beach. For a summer home or a place for temporary sojourn or a day's recreation it is unsurpassed. Indeed it is in a class by itself. With a grand stretch of beach on one side for surf-bathing and surf-fishing, and on the other the beautiful Newport Bay for still-water fishing, bathing, boating, it is incomparable. On the Ocean side the pleasure pier is now being extended 200 feet further out into the deep blue sea, and on the Bay side is Balboa Pavilion and bath-house with every facility for pleasurable recreation—dancing, boating, fishing, bathing, canoeing. There are the Venetian Gondola, the steam launches and row-boats and canoes. Directly in front of the Pavilion is Balboa Island on which some of the finest summer homes in Southern California are being built, and to the right across the Bay is Corona del Mar crowned with fine hotel and beautiful cottages, bungalows and more pretentious residences. This resort is free from all objectionable features; is clean and wholesome both morally and physically; and is supplied with all the requirements of visitors, sojourners and residents, as the following list of leading caterers and tradesmen in their respective lines will testify:

Spend Your Vacation at Balboa

Balboa Pavilion is the center for Orange County Pleasure Seekers

Rowboats, Canoes and Power Launches for still-water boating in Balboa Bay. Still-water or surf bathing. Bathing Suits for rent. Ices and soft drinks served in the pavilion.

Unfounded Charge

A leading officer in one of the courts was charged with never going to bed sober. Of course he indignantly denied the soft impeachment, and he gave the particulars of a particular night in proof. We quote his own words:

"Pretty soon after I got into bed, my wife said: 'Why, husband, what is the matter with you? You act so strangely.'

"There is nothing the matter with me," said I; "nothing at all."

"I'm sure there is," she said; "you don't act natural at all. Shall I get up and get something for you?"

"And she got up, lighted a candle, and came to the bedside to look at me, shading the light with her hand."

"I knew there was something strange about you," she said. "Why, you are sober!"

"Now, this is a fact, and my wife

will swear to it. So don't you slander me any more by saying I haven't been to bed sober in six months, 'cause I have."

Such a testimony was considered reliable, and the man now enjoys his new-found reputation.—Boston Herald.

Frightened to Death
A man died at Hanley, England, under a curious circumstance lately.

The man who permits his head and his heart to work in unison generally remains poor.

THE RECALL OF JUDGES

The Register has listened patiently, and has sincerely and carefully considered all the arguments against the recall of judges—not overlooking those of the Honorable Clyde Bishop and the Honorable William Howard Taft—but it has not been deeply impressed with the force and strength of any of them.

There is an inconsistency in them all, in that any argument against the recall of judges is an argument in favor of their appointment instead of their election, and of a life tenure of office.

Manifestly if the people are not competent to recall a judge they are not competent to elect him. And certainly it is better for the people to be able to recall an incompetent or a corrupt judge as soon as his delinquency manifests itself than to have to wait four or six years before he can be ousted.

Furthermore, a judge whose decisions would be influenced corruptly by fear of recall would be subject to the same influence by fear of defeat for re-election. If a man is brave and honest and able and learned in the law he will be an upright, faithful and efficient judge, recall or no recall, election or no election; if he is weak and ignorant and corrupt he will be no better judge because of the security and perpetuity of his position. "If a man be filthy he shall be filthy still."

The fundamental principle of the recall, whether for judges or other officers, is to make office holding less attractive to incompetent and corrupt men and more desirable to able, honest men—and that will be its effect. The crook and ignoramus will fear to enter the public service, and political parties and leaders will fear to foist such men upon it; while able, honest men, seeing in public service greater dignity, security and appreciation, opportunity for larger usefulness, will be more and more inclined to respond to its call and need for men of their kind.

NO PLACE FOR STRIKES

The Sioux City (Ia.) Journal presents this unique view of the inter-related problems of railroad rates, wages, strikes and common carrier obligations:

"The railway strike is an anachronism. Its proper place is a place in history. Sooner or later it will be relegated to its proper place.

"The railway strike was logical enough when the railway managers were given free rein to run the business in the interest of their stockholders—when they were left at liberty to increase rates to meet increased operating charges. With the public keeping out of the management of the carriers it was hardly fair to ask employees not to fight for their rights even at the expense of the public. But now the public has stepped in to insist that the railways shall be run in the public interest primarily. It has assumed control over rates, and it has said in effect that the railway managers shall not increase revenues by raising rates for any purpose without permission of the public. That means among other things that the railroads cannot raise rates to secure revenue with which to pay higher wages to employees. This being the fact, it is palpably unfair for the employees to force the railway managers to pay higher wages without some provision being made for the revenue with which to pay them.

So long as the public insists on limiting the revenues of the railways, the public will have to take a hand in solving the wage problem. While the public is guaranteeing shippers reasonable rates, it must at the same time guarantee reasonable wages to the public servants who operate the railways.

"How can the public guarantee wages to railway employees that shall be proportionate to the revenue the railways are permitted to exact from the shippers? It is a matter of detail that will have to be worked out. If the rates that bring money into the carriers' coffers must be fixed by arbitration the wages that take money out should be subject to the same principle. The public having taken the railways under its control, cannot let them go to smash between the rocks of insufficient income and exorbitant outgo. Neither can it tolerate a suspension of service on any account."

James Willis Rice desires to announce that he has resumed his class. Those desiring violin instruction may communicate with Mr. Rice at Tustin, or phone Red 2024.

WHERE WOMEN VOTE

BY JULIA A. GARRISON OF GARDEN GROVE

So many disasters are predicted if women are allowed to vote, by the enemies of liberty, that it may be well to take a glance at the countries and states where women have voted for many years and see what has befallen them in the way of neglected homes, misrule in government, and general chaos and disorder.

Beginning with New Zealand we find that women have had full suffrage since 1893 and it is still on the map. Hon. Hugh H. Lusk, a former member of the New Zealand parliament, in a newspaper article in summing up the progress made in that country in the last eighteen years, during which time the women have voted, says: "New Zealand stands today in the position of the most prosperous and progressive country in the world. While the population has increased more than one third in numbers the people have advanced in everything which, even in the ordinary business meaning of the term, implies prosperity in the proportion of 100 per cent. New Zealand seems to have effectually checked the unwholesome tendency toward extreme poverty for the many and inflated fortunes for the few. It is an unquestionable fact that, unlike any other civilized country, there is no class of the very poor, hardly any that would elsewhere be considered poor at all."

Surely that would be a consummation most devoutly to be wished in this land of the free where one-eighth of the people own seven-eighths of the wealth of the country, and one out of every ten who die in New York city are buried in the Pottery field.

The Rt. Hon. Sir Joseph George Ward, Premier of New Zealand, in an interview with H. Barrman Wells, in the Woman's Home Journal, regarding the influence of women in politics said: "The influence of women is undoubtedly felt in all legislation. It is a sane, healthy influence, which makes for purity in politics, and, while mainly democratic in spirit and devoted to the protection of public interests rather than private privilege, it is a balancing force."

In Australia, a country larger than all of the United States, women have had equal suffrage since 1897 and from the following some idea may be gained of the results. Lady Holder,

wife of Sir Frederick Holder, Speaker of the House of Representatives of Federated Australia, in an article contributed to the New York Independent, says: "Women are more interested in public affairs than they used to be, and politicians deal more earnestly with home and social conditions, but no neglect of private duties can be laid to the women's charge. We are well supplied with high class newspapers, the same sources of information are open to women as to men, and questions that rise are not by any means beyond the scope of their intelligence. They can and do exercise a salutary influence on the political life of the country without sustaining in the slightest degree any of the injuries or disabilities their opponents predicted. They are as good wives and mothers as ever and better companions for their men folk because of their widened interest and the truer equality in which they stand."

The above statements all come from high and reliable sources and are highly commendatory of the results of women's influence in those countries where they have been put to the test for many years and are a complete refutation of the unjust and illogical statements being made by the class of men and women here who would defeat the freedom of the women of California.

Whether woman's influence in politics would make things better or worse is not a question. It is a question of human rights. There was no controversy as to the effect of the colored vote, when millions of slaves were set free and allowed to come into full citizenship without the slightest knowledge of the principles of government or even the ability to read or write. There is no quibbling over the vote of thousands of native born Chinamen in this state, who, by the way, it is said are being lined up in San Francisco by the representatives of the saloon, gambling den, and dive element to defeat the suffrage amendment with their votes on October 10. True, they are native born, but Chinamen still to all intents and purposes. What a position the intelligent, cultured women of the state are placed in when they are rated politically below and inferior to Chinamen, negroes, cholos and dogs.

ing by speech or action, has no place in a progressive community. The person who finds fault with the laws of his city or state, or country, or who complains of the lack of proper laws, yet fails to vote or in any way to express a choice of lawmakers has no place in a country where the power rests finally in the people. These statements have a peculiarly local application in the city of Huntington Beach and in the county of Orange and in the state of California.

WANTED—SOME ACTION

Orange News: So confident are some of the proponents of the \$50,000 water bonds that a wager has been laid that not 100 votes will be cast against them. That wager is based rather upon the bettor's desires than upon his judgment, because neither the water nor the fire bonds look like a "six-to-one shot."

Really, with the present inactivity, the apparent lack of interest in the election, there is graver danger that the necessary two-thirds majority will fail to materialize. This is not intended as a concession that defeat of the bonds is probable, because they may be carried if the proper work is done in their behalf, but with the election only 20 days away it would appear high time for the bond supporters to get busy and keep busy. It is inertia that kills more deserving propositions than ever active opposition does.

County Roads

Orange News: There is hope that the road building project in Orange county will not be overlong dormant through the necessity of waiting action on the part of the State Highway

Commission. That body is taking steps towards determining the location of the roads for which the \$18,000,000 bonds have been voted, and has addressed the following letter to supervisors throughout the state:

September 8th, 1911.
The Honorable Board of Supervisors: Gentlemen—For the purpose of the more quickly obtaining all data possible, upon which to base our final decision as to the most feasible route for the State Highway System through your portion of the state, we would ask your hearty co-operation, and would request that you submit to this Commission as soon as you can conveniently a complete map of your county, drawn to a scale of one and one-half inch to the mile, having indicated thereon the route or routes most desired for such Highway System, with additional data of the population and assessed values of all towns, and any other data valuable under the circumstances.

Very respectfully,
CALIFORNIA HIGHWAY COMMISSION.

With the disposal of the share of the state road money that will fall to Orange county once made clear, there will be nothing in the way of bringing the issue of good or bad roads to the people of Orange county.

Staking Tomato Plants

Where tomato plants are staked—that is, fastened to upright sticks—clean cultivation is possible between the rows and the sunlight coming in ripens the fruit much earlier, not to mention the fact that there is an absence of dirt on the bright red vegetable when shipped to market, meaning better prices. To make the plant grow to one, two or three stems it is necessary to pinch off at regular intervals all the little shoots that appear as the plant matures, so that the strength is forced not into half a hundred branches, but into the main arteries, and thence into the fruit, which will be larger and juicier.

Tragic Dream Came True

To dream of being mangled by a locomotive and to have that dream come true shortly after he had related it to his companions was the experience of Wilmer Johnson, of Phoenixville, Pa. While off his engine it began to move, and the enactment of the dream came true, as he jumped for the running board, but missed it and fell under the wheels.

DEAFNESS CANNOT BE CURED

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running sound or imperfect hearing, and when it is entirely closed, deafness is the result and unless inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is not a permanent condition. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Sold by Druggists, 75c.
Take Hall's Family Pills for constipation.

W. C. T. U. MEETS

Outdoor Gathering at Home of Mrs. Warren Proved an Interesting One

The W.C.T.U. held a very interesting meeting yesterday afternoon at the home of the president, Mrs. Lea Warren, 814 Parton street. This was the first meeting after the summer vacation, and was held on the lawn and a large number of ladies were present. The vice president, Mrs. W. B. Tedford, presided during the business. Mrs. W. L. C. Samson led the devotional service.

The subject for the afternoon was "Social Economics," and the program was in charge of Mrs. A. A. Jones. Mrs. Jones read a paper on "School Savvies Banks," and other articles on the subject were read by Mrs. Nickell, Mrs. Johnson, Mrs. Ramsey, Mrs. Von Allen and Mrs. Vawter, the subjects all bringing some phase of teaching children to save their money. Mr. E. B. Norman told of the postal savings bank, and read the rules, giving information along those lines, and he also distributed to each one present literature of the postal savings system. The ladies all engaged in an informal discussion on the subject. Mrs. Rogers gave a report of the new tent house which has been erected at Huntington Beach. It has been well patronized all summer and has fully come up to the expectations of the committee. A family from Anaheim is occupying it at present, and the Santa Ana union would be glad to have any of the unions of the county feel free to use it when not occupied. The subject of equal suffrage was discussed and all signed a paper for equality.

The committee, which consisted of Mrs. J. E. Kellogg, Mrs. H. Von Allen and Mrs. C. G. Ramsey, had prepared delicious fruitade, which was served with cake and cookies brought by those present. A good social hour was enjoyed during the serving of the refreshments.

The next meeting will be the Scientific Temperance meeting, and will be held at the home of Mrs. George Heil, 407 West First street.

Mrs. M. H. Mason Honored

The Knights and Ladies of Security met last evening and elected officers for the following year:

President, Mrs. Mary L. Whitson; first vice-president, Mrs. May Burlew; second vice-president, A. McKee; prelate, Mrs. Mary Kramer; secretary, Mrs. Olive Lopez; financier, Wm. J. Morrison; conductor, C. W. Higgins; guard, N. A. Chandler; sentinel, Mrs. Rosa Morrison; captain, J. B. Head; musician, R. L. Whitson.

Mrs. M. H. Mason, who has been the able financier for the past two years, will remove to Los Angeles Thursday and it was with regret that her place was filled.

She was given a hearty vote of thanks and presented with a handsome linen tablecloth, the president, A. McKee, speaking words of appreciation. Mrs. Mason, although touch-

ed and surprised, feelingly responded. At the close of the meeting, an appetizing collation was served.

The meetings hereafter will be held the first Wednesday of the month at the home of the new president, Mrs. Mary Whitson, 501 East Fifth street.

Dollars Earned

The annual dollar social of the Ladies' Aid of the Christian church was held yesterday afternoon in the church parlors. Sunflowers were used for decorations. A large number of ladies were present and a rich merri-ment followed the presentation of the dollars and the poetry accompanying them. Just a few samples are given:

"I've hoed and raked,
I've stewed and baked;
That is how this dollar I made."

"Have you not noticed before this time,
That my husband's white vests
have no laundry shine?
I've sweat and I've worked and I've
worked and I've sweat
Earning my dollar to help pay off
the church debt.
If you think I've not earned it along
with the rest,
Just take notice next time of that
white vest."

One day a lady named Knights
Determined that none should have
slights
In this matter—a dollar to earn,
And so give the church a good turn.

She came down the aisle very fast,
And believe me, I could not get
past!
I, who earn all my dollars one may—
By writing and writing each day.

But the adage which none of us
spurn
Still holds good—a dollar once
saved is one earned.
So auto rides to office saves fares on
the cars
And this makes my dollar,
MISS MARRS

Little Elizabeth Wright sang two
songs. Refreshments were served by
Mesdames Seelye, Lucas, Whitehead
and Pearson, and the ladies were
assisted in serving by Miss Larue
Phipps and Kathryn Whitehead.

Tustin W. C. T. U.

The W. C. T. U. of Tustin will meet
Thursday afternoon with Mrs. Shatto.
Subject: "Medical Temperance." Con-
ducted by Mrs. Miller.

Presbyterian Philatheas

The Philatheas girls of the First
Presbyterian Sunday School held
their business meeting on Tuesday
evening at the home of Mrs. F. J. A. zers
on Ross street.

The following officers were elected
for the coming year:

President—Kate Kelley.
Vice President—Sadie Bowley.
Secretary—Florence Doig.
Treasurer—Rena Stafford.

The evening closed with a pleasant
social hour. Several of the girls con-
tributed music to an enjoyable im-
promptu program. Dainty refresh-
ments were served.

Y's Lawn Social

The Y's will hold their meeting this
evening at the home of Mrs. Warren,
814 Parton street. The features of
the evening will take place on the
lawn. One of particular promise is
the cantata of readings and songs, en-
titled "The Saving of Daddy."

Mite Box Opening

The Girls' Mission Circle of the
First Baptist church met last night at
the home of Mrs. Z. B. West on Ross
street. Miss Edith Watkins, the
teacher, had prepared a very interest-
ing program consisting of life and
missionary work in Cuba. Miss Mar-
guerite West rendered an instrumen-
tal and Miss Marie Harris a vocal so-
lo. After the program the mite boxes
were opened and about eight dollars
was spread out on the table to be

India's Toll Paid to Wild Animals

Wild animals and the damage they
do make an interesting chapter in
the blue book of India. The latest sta-
tistics are for the year 1909—public
documents are proverbially slow in
appearing—and there, carefully set
down, are statistics showing that in
one year snakes killed 19,700 persons,
tigers devouring an even 900 leap-
ards 390, wolves 270 and other ani-
mals 686.

When it comes to cattle and other
farm animals, the leopards were most
destructive, since they made way
with 42,900, tigers coming next with
28,000, wolves with 16,000, while
snakes have only 9800 charged
against them.

But man was not altogether lazy,
since he killed 70,000 serpents and
17,900 tigers, leopards and wolves.

CASHED BAD CHECK IN PHOENIX ON 8TH

Man Who Operated Here Is
Evidently Making His Way
Toward the East

E. C. Morton, the man who passed
bogus checks here last week, three
checks of \$20 each at the stores of
A. G. Lucas, G. S. Thacker and G. A.
Edgar, is evidently traveling east.
Yesterday when Constable Jackson
was in the American National Bank of
San Diego making inquiries concern-
ing the worthless checks drawn upon
that bank by the man who gave the
name of Morton here, another check
signed by him came in. It was for
\$20, cashed by E. Munson at Phoenix,
Ariz., on Sept. 8.

—Ben E. Turner, "he insures."

24 APARTMENTS NARY A BATHTUB

I. O. Wilson is going to build enough
apartments on two lots to start a
small town. He is to build twenty-
four apartments of three rooms each,
and they are to go on two lots, to-
gether measuring 100 by 125 feet, at
the corner of First and Santa Fe
streets. The kitchens will all face on
a court. Wilson expects to rent the
quarters to Mexicans. There will not
be a bath tub in the building.

Bounding Health

Every man and woman has an in-
herent right to—and can—enjoy the
best of health and strength—if they will
utilize what nature and science have
provided for the renewing and up-
building of the human body.

The wonderful new herb remedy
that is revolutionizing the treatment
for disease is Brackett's System
Builder, a "pleasant-to-take" tablet,
containing no habit-forming drugs—
the result of Mr. Brackett's twenty-
years' experience filling doctors' pre-
scriptions and coming in contact
with thousands of sick people. The
proof of its merits are the thousands
of cures it has effected. Brackett's
System Builder assists nature in
building vigorous bodies by purging
and renewing the blood, thereby
strengthening the heart, improving
the circulation—overcoming nervous
weakness, debility, loss of ambition,
loss of vitality; by revitalizing, re-
invigorating the body, brain and
nerves to their highest efficiency, thus
overcoming all chronic disorders of
the system. For sale at first-class
drug stores, 50c per box, or sent pre-
paid upon receipt of price by Robert
A. Brackett Co., chemists, Los An-
geles, Cal. The Robert A. Brackett
Co. will also be glad to send you a
liberal sample and booklet free, upon
receipt of ten cents in stamps to
cover mailing and postage.

Sold and recommended by Dean
Drug Co.

Look well to your

Personals

Mr. and Mrs. W. C. Blee returned

today from a visit of several days at
Venice, and this evening took their
departure for Newport where they
will spend a week. They will have as
their guest while there, a niece of
Mrs. Blee, Miss Ada Van Meter of
Aledo, Illinois, who is here to spend
the winter with relatives.

Mrs. William Besser of Santa Ana
has as her guests for a few days Mrs.
A. M. Collins and her daughter, Ada,
of San Jose, and Miss Maud Wood of
Gilroy, who have been on an extend-
ed trip East and are now returning to
their homes.

Prof. B. F. Beswick and family re-
turned last night from a two months'
stay at Avalon, Catalina Island.

Mrs. Lena Shiffer of Los Angeles,
has been spending a few days at the
E. B. Smith home. She returned to
the city today.

Mrs. E. E. Elliott and children and
Miss Eleanor Rittner went out on the
9:30 for the city. They will go to
Monrovia to visit Mrs. Maud Kuhl, a
sister of Mrs. Elliott and Miss Rittner.

Mrs. M. A. Yarnell left for a
visit to her brother, W. W. Collins,
at Yuba City, Yolo county. Mr. Col-
lins and family recently returned to
California after a stay of a number
of years in Guatemala.

Mrs. H. Dwyer returned Tuesday
evening from a very pleasant three
weeks' visit at Gridley, Cal., with
former Iowa neighbors. While at
Gridley Mrs. Dwyer's friends took her
to the state fair in their auto.

Miss Lulu Ott has moved into her

WHY HESITATE?

An Offer That Involves No Risk for
Those Who Accept It

We are so positive our remedy will
completely relieve constipation, no
matter how chronic it may be, that
we offer to furnish it free of all cost
if it fails.

Constipation is caused by weakness
of the nerves and muscles of the large
intestines or descending colon. To
expect a cure you must therefore tone
up and strengthen those organs and
restore them to healthier activity.

We want you to try Rexall Order-
lies on our guarantee. They are eaten
like candy, and are particularly ideal
for children. They act directly on
the nerves and muscles of the bowels.
They have a neutral action on the
other organs or glands. They do not
purge or cause any inconvenience
whatever. They will positively over-
come chronic or habitual constipa-
tion and the myriads of associate or
dependent chronic ailments. Try
Rexall Orderlies at our risk. Three
sizes, 10c, 25c and 50c. Sold only at
our store—The Rexall Store, Dean's
Drug Store, 104 West Fourth St.

Advance Millinery Display

And Early Showing of Fall and Winter Styles

Dame Fashion's edict has gone forth—styles that will prevail the coming season are now firmly fixed—never in the world's history has so much graceful charm been given to ladies' hats.

This Store Presents the Most Clever Creations of the World's Designers

Imported models with all the charm and piquancy of Parisian art. Clever productions of the greatest designers of the Eastern style centers. In addition our own workroom has given its quota of exquisite creations.

See the hundreds of beautiful, graceful shapes in felts.

See the many stunning Trimmed Hats for street wear.

You will say the display rivals in beauty, character, quality and comprehensiveness, that of formal opening days of previous seasons.

The Prices are Just as Low as Big and Good Buying Could Get 'Em

Formal opening day for this season will be announced later.

TO SET PRICE SEPTEMBER 30

Walnut Crop Reduced Somewhat By Dropping of Last Few Weeks

A. C. Tiede Resigns as Secretary of Dried Fruit Association

Men who are in close touch with the walnut situation are wondering what price ought to be set on walnuts this year. September 30 is set as the date for the general meetings of association representatives in Los Angeles, at which meeting the price is to be set. In setting the price, the growers take into account all the different phases of market and crop conditions. Between now and September 30 the associations expect to inform themselves upon all the situations that count.

The California crop this year is more than an average crop, and the indications are that the quality will be good. Walnut picking will begin in about two weeks. In a few orchards already a few pickers are at work getting the early fall nuts. However, as yet not enough have fallen to call a start.

Indications are that the crop in this county is going to be quite a little bigger than last year. Two months ago it was estimated that this year's output would far outstrip last year, but during the last week there has been a considerable loss by droppings of nuts. The blight has been less than usual, but it and other conditions are held responsible for the recent dropping of nuts.

The associations in this county are in excellent shape. The Richland Association of Orange expects to handle

RESTORE GRAY HAIR TO NATURAL COLOR

By Common Garden Sage, a Simple Remedy for Dandruff, Falling, Faded, Gray Hair.

The old idea of using sage for darkening the hair is again coming in vogue. Our grandmothers used to have dark, glossy hair at the age of seventy-five, while our mothers have white hair before they are fifty. Our grandmothers used to make a "sage tea" and apply it to their hair. The tea made their hair soft and glossy, and gradually restored the natural color.

One objection to using such a preparation was the trouble of making it, especially as it had to be made every two or three days, on account of souring quickly. This objection has been overcome, and by using almost any first-class drugist for Wyeth's Sage and Sulphur Hair Remedy the public can get a superior preparation of sage, with the admixture of sulphur, another valuable remedy for hair and scalp troubles. Daily use of this preparation will not only quickly restore the color of the hair, but will also stop the hair from falling out and make it grow.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists. Special Agent, Rowley Drug Co.

Rate War Not Likely And Almost Impossible

By the publication of a news story in a Santa Barbara paper and by the sending out of a dispatch from Santa Barbara a story gained circulation that the board and non-board insurance companies were about to enter into a statewide rate war. According to local insurance agents, the report is in no way justified by the facts. They say that no rate war is likely, that in fact under present conditions a rate war of any magnitude is practically impossible.

The board companies are those who make their reports through the Board of Fire Underwriters of the Pacific. Until recently the board companies paid their agents fifteen per cent, while the non-board companies had graded percentages of fifteen, twenty and twenty-five, according to the kind of business. Recently the board companies adopted the graded remuneration of fifteen, twenty and twenty-five per cent, but ordered that the additional percentage, over and above fifteen per cent, could not be claimed by any board company agent who was also a non-board company agent.

The natural effect of this order was that in some offices the board and non-board companies were separated. In Santa Ana three of the biggest insurance firms, Robbins, Turner and Quick, represent both board and non-board companies, and several of the agents with less business than they also represent both. The new order did not disturb these agents in the least.

Special agents of the various insurance companies who have been up and down the state have stated to local agents that there is nothing in the rate war talk. The story is alleged to have been started at Santa Barbara with an object in view, namely, stirring up a local war whereby some particular agents hoped to grab business. The principal reason why a rate war cannot gain any foothold is that in almost every community in the state the insurance agents have local associations, and through those associations any attempt to start a war of any proportions is almost certain to meet an early death.

A dispatch from Santa Barbara that appeared in the Los Angeles Examiner

stated that a rate war was imminent. Local agents gave the matter but little attention. They are firm in their opinion that the time when rate wars can be manipulated is past.

The Santa Barbara dispatch follows: "Local insurance men are sitting tight and watching for the explosion that all observers say is sure to come when the Pacific Coast is plunged into another rate war. It is twelve or fifteen years since the last insurance war raged in California, when premiums were slashed to tatters, and everybody loaded up with all the cheap three years' insurance he could carry. The same thing that led to the former rate war is likely to bring the next one, namely, the rivalry between the so-called 'board' and 'non-board' companies."

All of the larger agencies represent both classes of companies. The 'board' companies have started a war of extermination on the 'non-board' companies, offering extra premium percentages to the agencies who will throw out their 'non-board' companies, but refusing the increase to agencies which continue to represent 'non-board' companies. Board-Non-Board Companies "All of this is because of what has been going on for several years. The difference between the board and non-board companies is that the former are members of the Board of Underwriters of the Pacific, which makes the rates for California and other Coast states. The maintenance of the organization involves some expense, which the non-board companies escape, because they will not come in and share it. But they use the rates adopted, and are, therefore, in a position to pay bigger commissions to agents."

"The non-board companies retort that if agents throw them out they will send a force of men into the town and slash the rates on insurance until everybody is insured or somebody calls quits."

"Experts in the game say there is but one outcome—a rate war, and see no other way out of it. The situation is not local, but exists all over the state, and if the war breaks every place where fire insurance is written will feel the effect."

A much greater tonnage this year than last. A. C. Tiede has resigned as secretary of the Orange County Dried Fruit Association, and on September 15 will begin his duties as secretary of the Santa Ana Valley Walnut Growers' Association. It is probable that J. C. Metzgar, who is now in the office of the dried fruit association, will be appointed secretary to succeed Tiede. The successor will be named at the next meeting of the directors.

Phillips on Matrimony The late David Graham Phillips had, like many bachelors, a cynical view of matrimony. Mr. Phillips, at a reunion of Princeton's class of '87, at the Princeton Club, spoke of marriage: "The Persians have a proverb that every young man should consider well before proposing to a girl. He that ventureth on matrimony is like unto one who thrusteth his hand into a sack containing many thousands of serpents and one eel. Yet, if the prophet so will it, he may draw forth the eel."

A Woman's Reason One reason a woman wants her husband to go to heaven is because he will then see how beautiful she can be when she doesn't have any house-

Daily Thought I believe that more breaches of friendship and love have been created, and more hatred cemented by needless criticism than by any one other thing.—Sir Arthur Helps.

A Woman's Reason One reason a woman wants her husband to go to heaven is because he will then see how beautiful she can be when she doesn't have any house-

Daily Thought I believe that more breaches of friendship and love have been created, and more hatred cemented by needless criticism than by any one other thing.—Sir Arthur Helps.

The horse, buggy and bibles stolen from in front of the United Presbyterian church Sunday night were recovered by their owner, Harry W. Lewis of Tustin, yesterday. After the theft was reported Constable Squires sent out descriptions of the property. Yesterday the constable was informed by Los Angeles officers that the property had been found in Los Angeles. Lewis went to Los Angeles immediately, and drove the outfit home last night.

The horse seemed not to have been hard driven. Whoever stole the rig drove from here to Los Angeles Sunday night, and unhitched the horse on a vacant lot at the corner of Seventh street and Santa Fe avenue. A negro woman living in the vicinity reported to the police that a horse had been abandoned at that place.

Extenuating Circumstances Ted was an excitable youngster, and to adequately express his feelings had acquired the use of words forceful, but improper. In a fit of temper one day he used some of his most violent terms to his mother. She said nothing, but Ted knew well the signs of preparation for a just rebuke, corporeally administered. He said, "I know you are going to whip me, but before you begin remember I said it in a very pleasant tone of voice."

Safe That Floats A buoyant safe that in case of disaster will float to the surface as the ship equipped with it sinks, has been devised by four mechanics in the navy yard at Bremerton, Wash. The safe consists of a large cylinder of steel which is divided into two compartments, the lower one being an air chamber and the lower fitted as a receptacle for money and papers.

Seek Always the Best You can always see and hear that for which you are looking and listening. If it is bad you want to hear, you will hear it. The rule works the other way as well. Look and listen for the best.

OPEN PARENTAL SCHOOL THIS FALL

(Continued from page one)

the Parental School. In cities where these schools have been established they have proved efficient in more ways than merely in handling of delinquent children. It is a good institution to hold over the heads of unruly children. At the meeting of the school board last night Mrs. T. D. Tyerman, who has taught for many years at both Delhi and Diamond, was elected to teach the Parental School.

According to the new state law, the school board fixed a tuition for pupils who attend the high school from districts outside of Santa Ana. The amount fixed was \$27. to be paid in advance in two installments. The state law in regard to the taking in of pupils from districts outside the high school and common school districts will be followed closely.

Study in School
Last year the high school practiced a system of allowing pupils to leave the high school building during study hours. During recitation periods the pupils were supposed to be in their classes, and during study periods they were supposed to be at home or some other place studying. The system did not work out very well. Many of the boys got in the habit of standing around the street corners, and too large a proportion of pupils, both boys and girls, neglected to study during the periods assigned for that purpose. It was found, too, that oftentimes the pupils who were supposed to be studying, played near the school building and when noisy disturbed the recitations of classes in the building.

Last night it was decided to do away with that system, and a motion was carried to the effect that pupils required to stay at their desks during the periods of the school day,

both recitation and study periods.
Not Mentioned
The matter of military training was not mentioned at the meeting of the board last night. It is understood that a petition is being circulated by those wanting military training, that petition asking that it be established. The petition is proposed to be signed by forty boys and their parents.

Teachers Chosen
The assignment of teachers by the city superintendent, as appears in his report which is printed herewith, was received by the school board. The resignation of Miss Conner, who taught at Central School, was received, with a statement that she leaves the profession of school teaching in order to take up missionary work. After the resignation was accepted, Miss Ruby Williams was elected in her place. Miss Eva Johnston, an efficient teacher of Central School, who was given a leave of absence for last year, was re-elected to teach this year.

M. A. Bruce was elected janitor of the Commercial High School building, and F. L. Hasty janitor of the Fifth street school building.

The report of the superintendent follows:

Santa Ana, Cal., Sept. 11, 1911.

Ladies and Gentlemen:

I herewith submit my report of our six weeks vacation school, July 31st to September 8th, inclusive:

Number pupils in attendance:
First grade 20
Second grade 8
Third grade 20
Fourth grade 13
Fifth grade 11
Sixth grade 20
Seventh grade 12

Total 104
Number pupils who made up their conditions and who will enter the next grade, 84.

Number pupils who made up their conditions sufficiently to be promoted to the next grade on condition that they make up the condition during the coming school year, 8.

Number pupils who failed to make up their conditions to warrant their

being promoted to the next grade, 7.
The cost of maintaining our Primary and Grammar schools last year was \$41,033.69 or \$27.27 per pupil. The cost of maintaining our six weeks vacation school was \$300 or \$2.88 per pupil. It is therefore evident from an economic point of view that there is a material saving to the school district in permitting conditioned pupils to remove their conditions in order that they may advance with their grades instead of remaining in the same grades thus doubling the cost of their education. From the pupils point of view there is also a great advantage in removing his conditions, enabling him to save time and maintain his school spirit by advancing with his class. In the vacation school each pupil is allowed to advance as rapidly as his preparation of the subject matter will permit and with the assistance of his teacher and a desire to advance with his class he makes rapid progress. Our vacation school just closed was an experiment, but in the interest and enthusiasm of teachers and pupils and the results as indicated above warrant by recommending strongly that a vacation school be made a part of our permanent school work.

Maintenance Cost

It will be of interest, at this time, to call your attention to the cost of maintaining our schools and draw some comparisons with the cost of maintaining schools of other cities. The cost of conducting the Pomona schools last year as reported in the daily papers recently was \$123,002 against \$63,892.86 for Santa Ana. Pomona has a larger primary and grammar school attendance, but Santa Ana has a larger high school attendance. The estimated cost of conducting the Pomona schools the coming year is \$148,300 of which amount \$103,000 is to be expended for salaries. The estimated cost of maintaining our schools the coming year is \$79,000. This estimate includes salaries, supplies and some very important improvements now being made, the most important of which are improving the heating and ventilation of the Roosevelt and McKinley schools and the regular high school, replastering and repapering the

Fifth Street school, repainting the Washington school, the purchase of 75 more desks for the anticipated increase in the commercial high school and equipping the manual training, sewing and cooking school so that work may be extended to our high school pupils. For this purpose considerable machinery has been added to the manual training department and the high school course of study in the sewing and cooking departments provides for two forty minute periods per day, two days in the week for dressmaking; two forty minute periods, one day in the week for millinery and two forty minute periods two days in the week for cooking.

The cost of maintaining our regular and commercial high schools the past year was \$22,859.17 or \$48.88 per pupil, while the cost per pupil in the other high schools of our county was as follows: Anaheim \$112.01, Fullerton \$132.26, Huntington Beach \$126.85 and Orange \$65.41.

Favors New School

Polytechnic high schools have already been established at Los Angeles, Long Beach, Pomona, Redlands and San Diego and are now being built at Santa Monica, Riverside, Anaheim and Fullerton. While we have a high school second to none in the state in giving our boys and girls a general education and while we have a commercial high school that offers an excellent preparation for a business career and while we are now extending manual training to our high school boys and dressmaking, millinery and cooking to our high school girls, we should at the earliest possible moment, extend and emphasize more the industrial side of our high school education to the end that the boys and girls of Santa Ana may have equal opportunities with the boys and girls of our neighboring cities in the preparation for the active duties of life.

I am pleased to report that all repairs and improvements contemplated and authorized by you have been attended to and if nothing happens to prevent, our school buildings will be more sanitary and better equipped than ever before for the health and convenience of teachers and pupils and for more efficient work. Simple apparatus is being erected on the playgrounds of the various schools to develop the physical side of education and to add materially to the pleasure of school life.

Use Buildings

At this time, I would strongly urge upon you and through you, upon the patrons of our schools the importance of making use of our school buildings for social gatherings, where fathers and mothers and teachers may come together to study the needs, physical, mental and moral, of our boys and girls, and where all interested may become better acquainted, where misunderstandings may be corrected and where community interest and spirit may be developed to the end that we may work unitedly for the upbuilding of the highest type of manhood and womanhood in our much beloved city. Parent-teachers associations have already been organized in all the schools for the above purpose and it is sincerely hoped the work of these associations may have the hearty support and co-operation of all our people and thus aid materially in making the coming school year the most efficient and satisfactory in the history of our schools.

Assignments

The faculty for the coming school year is now completed as follows:

HIGH SCHOOL

Dean Says Special Sale of Ladies' Hand Bags Ends Saturday

Only 3 More Days to Buy Hand Bags at Reduced Prices

Our special sale of ladies' Hand Bags which has been in progress for the past week has afforded the opportunity for a number of ladies to secure choice new bags at wonderful bargains—many of them at about one-half regular prices.

Our entire stock of Hand Bags is divided into four lots, everyone a bargain.

Price	Description
\$1.25	In this lot we have placed every bag in our stock that formerly sold at \$1.75, \$2.00, \$2.50 and have even included some that have sold as high as \$3.75. There are in this lot Hand Bags that were splendid values at the original prices.
\$2.50	In this lot you will find bags that we formerly sold at \$3, \$3.75, \$4, \$4.50, and possibly one or two that had sold as high as \$5.00; most of them are \$3.75 and \$4.00 values. You'll be astonished at the quality we give you in this lot at \$2.50 each.
\$3.75	This lot includes some especially good numbers, not a single bag that ever sold less than \$4.50 and most of them range in value around \$5.00, \$5.50, \$6, and we have always been told they were mighty good value at those prices.
\$5.00	This lot contains the best values in the store because of the large number of high priced bags we carry and have included in this sale. One or two bags have sold as high as \$12.50, most of them, however, have sold at \$7.50, \$8.75 and \$9.50.

There is not an old style bag in the lot. Nearly every bag in the house was bought this spring or summer, but we have decided to close them out and have marked them at prices that ought to move them quickly—at once.

Sale will continue until Sept. 15th unless the bags are all sold before. After that date regular prices will prevail as before. A word to the wise should be sufficient—BUY NOW.
